

# CIA GOEL

+91-8077011036 | [goelcia21@gmail.com](mailto:goelcia21@gmail.com) | Meerut, Uttar Pradesh

## OBJECTIVE

Motivated BCA student with strong foundation in software development and keen interest in IT Sales. Looking to utilize technical knowledge and communication skills to drive sales while ensuring a great customer experience. Committed to hitting sales targets and delivering great customer experiences in a fast-paced environment.

## TECHNICAL & SALES COMPETENCIES

- **Business Development:** Persuasive communication, Relationship Building, Active Listening, Lead Generation, Consultative Problem Solving, Product Demonstrations.
- **Technology Proficiency:** Python, C++, SQL, MS Excel (Data Handling), Basic CRM Understanding
- **Web Technologies:** Proficiency in HTML, CSS, and JavaScript, Understanding of SaaS architecture
- **Soft Skills:** Communication skills, Critical Thinking, Adaptability, Leadership, and Team Collaboration.

## VIRTUAL EXPERIENCE

Data Analytics & Strategy Simulation | Tata Group (via Forage)

- Completed a competitive data analytics simulation, translating raw financial datasets into 3 strategic business recommendations — directly mirroring the consultative selling approach used in SaaS pre-sales.
- Accomplished data-to-insight conversion as measured by 3 actionable strategy deliverables, by applying AI-powered analytics tools to simulate real-world Financial Services decision-making.

## LEADERSHIP & ACHIEVEMENTS

- **School Leadership (Head Girl):** Served as Head Girl, managing student body activities and acting as a primary bridge between students and administration.
- **College Leadership (Class Representative):** Serving as Class Representative (CR), coordinating between faculty and students to ensure smooth communication and project management.
- **CBSE National Hockey Player,** demonstrating high self-motivation, physical and mental stamina, and a goal-oriented team player attitude.
- **Technical Problem Solving:** Secured 2nd Position in an Error Handling Competition, showcasing extreme attention to detail and creative problem-solving under pressure.

## Interactive Product Showcases (Web Development Projects)

- Independently developed and deployed client facing portfolio. <https://ciagoel.github.io/MyPortfolio/>
- Developed and deployed a visually engaging, responsive website showcasing adventure sports with smooth scrolling, parallax effects, and interactive UI. <https://ciagoel.github.io/AdventurePage/>
